Student obligations:

Students are required to attend all forms of classes on a regular basis. Absence from classes is compensated by an oral colloquium on a related topic.

Each student will be assigned a seminar topic to prepare and present as a Power Point presentation to other students (10 minutes per presentation). The list of assigned reading for each seminar topic will be provided. All students are expected to actively participate in the seminars by discussing a given topic.

Exam (exam taking, description of the written/oral/practical part of the exam, point distribution, grading criteria):

Instructors will evaluate student work during classes and the final exam. The final exam will consist of an online multiple-choice test on the Merlin platform and an oral exam administered on-site (or exceptionally online via the MS Teams platform). Each student must score at least 50% on the online multiple-choice test to qualify for the oral portion of the final exam.

Scoring criteria:

1. Seminar presentation- max. 10 - Each presentation will be scored as follows: sufficient = 4 points, good = 6 points, very good = 8 points, excellent = 10 points
2. Online multiple choice test - max. 20 - number of correct answers = number of points (minimum threshold is 10 points)
3. Oral exam -max. 70- Knowledge shown at the final oral exam will be scored as follows: sufficient = 31-40 points, good = 41-50 points, very good = 51-60 points, excellent = 61-70 points
4. Which gives a total of 100

Final scores are as follows:

A (excellent): 90 - 100% points

B (very good): 75 - 89,9%

C (good): 60 - 74,9%

D (sufficient): 50 - 59,9%

F (insufficient): 0 - 49,9%
